The Complaint proposes civil liability in the amount of \$100,000 for alleged violations of Waste Discharge Requirements Order No. R1-2004-0013 (NPDES No. CA0024449). Public Hearing Procedures

The Regional Water Board will hold a public hearing on this matter on October 17 or 18, 2006 at 9:00 a.m., or as announced in the Regional Water Board's summary agenda to be mailed on or about August 22, 2006. The meeting is scheduled to be held in the Regional Water Quality Control Board Hearing Room located at Weaverville Victorian Inn, 1709 Main Street, Weaverville, California. At the hearing, the Regional Water Board will consider whether to affirm, reject, or modify the proposed Civil Liability, or take other enforcement action.

Ms Samantha Olson, staff counsel with the State Water Resources Control Board, Office of Chief Counsel, regularly advises the Regional Water Board. With regard to this matter, however, Ms. Olson has been assisting Regional Water Board staff in the prosecution. Ms. Olson has not provided and will not provide advice to the Regional Water Board in connection with this matter before the Regional Water Board's final action in the matter.

The Discharger and interested persons must submit to the Regional Water Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, California, 95403, written copies of all technical reports, testimony, and other evidentiary material concerning this issue by 5:00 p.m. on September 22, 2006. This written material will be made available to the Regional Water Board members and all interested persons.

Written material received after the above date will not be accepted, except at the discretion of the Regional Water Board Chair. Untimely written material will not be accepted or incorporated into the administrative record if doing so would prejudice the Discharger or the Regional Water Board staff. The Chair may choose to modify this rule upon a showing of severe hardship (California Code of Regulations, Title 23, Sections 648.1 and 648.4).

All those who plan to testify at the hearing must submit written statements to the Regional Water Quality Control Board by September 22, 2006. The statements should provide the name of the witness, their qualifications (if an expert), and the scope of their intended testimony. Testimony at the above-scheduled hearing may summarize or explain timely submitted or late-accepted written evidence, but shall not add new evidence. The time constraints for oral testimony or comments will be set by Regional Water Board Chair and usually will allow no more than ten minutes for Regional Water Board staff and the Discharger and three minutes for other interested persons. A timer may be used and speakers are expected to honor the time limits. Where speakers can be grouped by affiliation or interest, such groups will be expected to select a spokesperson and not be repetitive.
